NOTES:

- Years 4/5/6 should make 3 sub levels - 1 full NC level - over the two years (grey shaded area = expected; light green area is good progress; bright green shaded area is outstanding progress)
- The pupils in the red area have been identified and make up only 7 (2 x yr 6 *Statement*, 1 x yr 5 *statement*, 1 x Yr *SEN+* 1 x yr 4 *statement* and 2 x yr 4 *SEN+*) pupils. They will be targeted with additional support over the coming year. There is the odd pupil who has made less than expected progress in a single subject - they have been identified and will be targeted with support over the forthcoming year.
