SPORTS FUNDING 2013/14 and 2014/15

The four objectives of the Primary PE and Sport Premium funding are:

- To improve the quality of existing PE teaching through continuing professional learning in PE for generalists, so that all primary pupils improve their health, skills and physical literacy, and have broader exposure to a range of sports
- To increase participation levels in competitive sport and healthy activity of pupils, and maintain these into adolescence
- To increase the quality of initial teacher training in PE and sport, and to promote PE specialisation in primary level workforce
- Schools understand and value the benefits of high quality PE and sport, including its use as a tool for whole school improvement

The amount devolved to schools was £8000 lump sum and £5 per pupil.

BUXTON PRIMARY HAS USED THE FUNDING IN THE FOLLOWING WAYS:

- Hiring specialist qualified sports coaches to provide quality PE for children (premier Sport)
- Paying for professional development opportunities for staff in PE and sport
- Providing cover to release primary teachers for professional development in PE and sport
- Running/participating in sport competitions, or increasing pupils' participation in the School Games
- Buying quality assured materials for PE and sport
- Providing places for pupils on after school sports clubs and holiday clubs
- Providing extra curricular sporting clubs
- Pupil led sports day; encouraging the older pupils to lead and support the younger ones, so promoting participation
- All pupils have access for a minimum average of 2 hours PE a week – over the course of a school year.
- The extra funding has enabled the school to provide more equipment to be used in PE lessons to encourage full and active participation.
- Extending the school trim trail to engage children in physical exercise during play.

Building Foundations Together
for a Bright Future

How does BUXTON Primary plan to use the funding for the 2014/15

1. The school will continue to:

- Provide cover for staff and fund transport to increase participation in inter school competitions, events and galas.
- Provide quality assured materials and resources for PE and school sport.
- Continued participation in Schools Sports Partnership events – ensuring children get the opportunity to undertake a range of different sports.
- Training for MSA's/TA's to lead quality and purposeful play

2. Focus on the professional development of the staff

One of the key strands of the sports funding is to develop the skills of our school staff so that the quality of PE and sport that is delivered will be enhanced. Qualified sports coaches will work alongside staff to deliver lessons and support planning and delivery of PE. Working in this way staff confidence and expertise will develop and the school will benefit from high quality planning resource materials. One area of development identified by staff is that of the teaching of gymnastics. The school is planning to fund coaches to support a series of lessons in gymnastics to work with all children in the school.

3. Promote healthy living amongst the children and encourage parents to support our initiatives to eat a balanced and healthy diet and exercise regularly.

A further focus of the funding grant is to ensure children live healthy lives – that they understand how to do this, and the purpose and reasons why living healthily is important. The school acquired healthy School status some years back, and has successfully retained this accreditation June 2014. We provide afterschool clubs as well as allocate curriculum time to the importance of living a healthy and happy life.
