* statmented pupil in this cohort -

Years 3/4/5/6 should make 3 points progress over the year

Good progress from KS1 - KS2 (4 years) - 14 APS . . . anything over this is outstanding

All year groups have made at least *GOOD* progress in all 3 subjects above national expectations

Where progress is lower, Individual pupil progress analysis will identify the pupils to who need focus.

Least Progress in writing - again!!!! Despite our focus on writing across the school over the past year - particularly in interventions. It is always the lowest attaining and shows the lowest progress.
