Vision & Ethos

At Buxton Primary School, we believe in preparing our children to become responsible and well-rounded individuals who are prepared for a future beyond school life. We do this by providing a meticulously planned curriculum which is relevant, broad, balanced and exciting. This is interweaved with a whole-school growth mind-set approach; this focusses on supporting the children to become motivated and resilient learners who show perseverance and grit when faced with challenges. Alongside this we strive for our children to develop strong moral compasses by promoting positive behaviours that are upheld by British Values; these are known as the Buxton Core Values.

Statement of School Aims

- To provide high quality learning opportunities within a broad, balanced and exciting curriculum that is relevant and provides all children with the opportunity to succeed academically.
- To develop children socially, emotionally, physically and creatively within a nurturing environment.
- To instil a growth mid-set approach in order to develop children's resilience when they face challenges both in their learning and everyday lives.
- To provide a safe, welcoming and inclusive environment where everyone is valued, listened to and respected.
- To provide opportunities for the children to learn about the wider world, current worldly issues and our impact on the environment in order to give them a broad and accepting view of the world around them.
- To be a pillar within our community by nurturing strong partnerships and positive relationships with parents, carers, governors and across the wider community.
- To encourage and enable the continuous professional development of staff, ensuring effective communication between all.
- To recognise and celebrate success in all aspects of school life.

Photography and the use of images

Dear Parents and Carers,

During the course of the school year there may be opportunities to publicise some of the activities that your child is involved in. This may well involve filming or photographing children for use in school social media and in the local media. As a school, we welcome these opportunities and hope that you do too. There may also be occasions when we arrange photography for our own purposes, such as displays, school website and school brochures.

Photography or filming will only take place with the permission of the Headteacher, and under the supervision of a member of staff. When filming or photography is carried out by the news media, children will only be named if there is a particular reason to do so (e.g. they have won a prize), and home addresses will never be given out. We would speak with you to gain your specific consent in the event of this.

We believe that positive publicity benefits all involved with the school. Nevertheless, we will not involve your child without your consent. Images of your child held by the school can be viewed upon request. You may withdraw consent at any time.

Showing of Films in School

During the school year it is possible we may show films/dvds within school. Please note we may show PG films as well as U certificates.
