

Should we celebrate the Windrush generation more?

Do we see enough LGBTQ+ stories on screen?

Should we learn more about what young carers do?

Do we know enough about South Asian heritage?

Was awarding the World Cup to Qatar a mistake?

Art – the study of artists such as Katsushika Hokusai, Frida Khalo, Gunta Stolzl

Science – the study of scientists and inventors such as Mae Jemison and Inge Lehmann.

Other cultures are brought into our curriculum in a variety of subjects.

Reading – studying people such as Akala, James Aspey, Magid Magid, Oskar Schindler and Chimamanda Ngozi Adichie in 'Dream Big'

PSHE lessons develop children's curiosity about culture and diversity such as exploring questions posed in Votes for Schools sessions.

Other cultures also feature in other subjects linking learning to build children's understanding.

Discrete RE lessons follow our robust RE curriculum designed to ensure children commit a broad religious education to long-term memory.

Lessons

Buxton Primary School is situated in a mainly mono-cultural location with children's opportunities to learn about diversity being low.

Visits & Visitors

Teachers plan visits to inspire children's curiosity about other cultures such as the Norwich Buddhist Centre.

Our kitchen put on special menus to celebrate other cultures such as Burns Night, Chinese New Year, American Independence Day, Multiculture Day etc.

Special Days

At Buxton we learn about other cultures through experience days like our Multicultural Day.

Reading experiences

Our libraries contain a wide variety of books to develop children's understanding of other cultures.

Assemblies

The local church share religious stories with their regular Open The Book assemblies.

How do we ensure our children experience a wide variety of multicultural experiences and learning opportunities?

Enrichment / Extra Curricular

After school clubs and enrichment sessions provide opportunities to learn about other cultures such as languages club and cookery.

Children learn about how we are all different through project work such as learning sign language and sharing this knowledge at class assemblies.

This morning our wonderful Gorillas class performed their 'sign language' assembly to parents and the rest of the school. They have learnt 'Fight Song' in sign language. It was completely brilliant to watch. Well done Gorillas. **Please do not adjust your sound at the beginning, the first section is silent**

School Dinners
Remember this half term's special dinners with prizes to be won:
Monday 23rd January – Chinese New Year
Sweet & Sour Chicken and Rice OR Veggie Noodles
